OBJECTIVE

As a computer science graduate and a fervent tech enthusiast, I'm eager to leverage my education and passion to make impactful contributions to the dynamic field of technology.

EDUCATION

B.M.S College of Engineering, Bangalore	2021-2025
Bachelor of Engineering, Computer Science – 8.1 CGPA	
SHANTHIKETANA PU COLLEGE, Dharwad	2019-2021
DPUE - PCMB – 97.8%	
Jawahar Navodaya Vidyalaya Davangere	2014-2019
CBSE – 90.8%	

TECHINICAL SKILLS

- **Programming Languages:** C, C++, JavaScript, Java.
- **Technologies/Frameworks:** Machine Learning, Blockchain, Git Actions, Web Development, MySQL.
- **Libraries:** TensorFlow, Scikit-Learn, Pandas, Hardhat.
- **Soft-Skills:** Communication, Teamwork, Time Management, Creativity, Problem Solving.

PROJECTS

- **Scholars Crate**
The project aims to address finding the financial aid to students through user friendly platform built by HTML, CSS, Node JS.
- **Virtual keyboard**
The project utilizes OpenCV and MediaPipe to accurately detect hand landmarks, enabling users to interact with a virtual keyboard displayed on the screen by typing with their index and middle fingers.
- **Blockchain based Voting System**
The Secure online voting system addressing the transparency and security in the polling process. Built by leveraging Blockchain for transparency and high security, deployed on sepolia testnet.

ADDITIONAL INFORMATION

- Languages: English, Kannada, Hindi
- Interests: AI and ML trends, Web Development.
